## Chairman's Report

*Frances Nelson QC Chairman*

It was a testimony to the depth of the Thoroughbred Industry in South Australia to see the significant achievements both within the State and interstate of South Australian horses, trainers and riders. Without being exhaustive, the Board of TRSA congratulates Alcopop and Jake Stephens, Happy Trails and Paul Beshara, Miracles of Life and Daniel Clarken and Lauren Stojakovic, Maybe Discreet and Phillip Stokes and Dom Tournour. It was a tribute to the effectiveness of our apprentice scheme that Jamie Kah in her first full season took out the Metropolitan Jockeys Premiership and also a tribute to her master John McMillan. It was also pleasing to see Amy Herrmann take out a Mosstrooper Award in her first season as a cross country rider. All of those horses and people are great ambassadors for our sport and our industry.

### **Liaison with Government – ECONOMIC AND SOCIAL IMPACT REPORT**

It is recognised by the Board of TRSA that a positive relationship with Government is important to the profile of the industry generally and whilst we have worked consistently to promote and maintain such a relationship in late 2012 we decided that the

Racing Industry generally should commission a report which would provide definitive and objective data relating to the social and economic benefits to the State and the community generally. The Economic and Social Impact Report was commissioned by TRSA in association with Greyhound Racing SA and Harness Racing SA. A highly respected strategic consulting business which completed a similar report in 2004 and has done likewise in other jurisdictions, was asked to undertake a study identifying specifically the economic and social impact of the Racing Industry on the State. Their report entitled "Economic Social and Community Benefits of the South Australian Racing Industry" has been received and provides a comprehensive overview of the sectors included within the industry, and specifically their importance to the State.

Upon receipt of the report TRSA has liaised and consulted with its shareholders, the Thoroughbred Racing Industry stakeholders and participants, and formulated a policy (along with the other two codes) to be placed before both Government and the Opposition, seeking funding support by way of direct support and, within their respective election manifestos, a re-establishment of the portfolio of the Minister for Racing and the adoption of a formal racing policy by both parties. The report is not the industry submission in itself but provides clear and objective evidence of the importance of the industry to the State, and provides both parties with clear justification for the support sought. The Racing Industry is an undoubted community asset and should be recognised as such.

The report "Economic Social and Community Benefits of the South Australian Racing Industry" can be viewed on our website but

some of the key facts are that the South Australian Racing Industry:-

- Generates \$401.7M per annum in economic benefits for the State.
- Sustains the employment of 3,628 South Australians (FTE).
- Provides \$224M in household income.
- Generates GST of \$19M per annum.
- Is second only to the AFL in terms of attendance at events each year.
- 1 in every 80 South Australian adult residents are employed in, or participate in, the South Australian Racing Industry.
- 1 in every 115 adult residents of the metropolitan area similarly are employed in, or participate in, the South Australian Racing Industry.
- \$27.2M annually is spent in breeding of horses and greyhounds and \$94.9M is spent annually in their preparation (with thoroughbreds accounting for \$21.7M and \$56.71M respectively).

### **Challenges**

The TRSA Board recognises the many challenges that exist both nationally and internationally in terms of generating revenue in the present economic climate, and of increasing regulatory demands with resultant rising operational costs. There is an emphasis on work health and safety requirements. In the context of historical infrastructure this puts a significant onus on Clubs' capital expenditure requirements. We recognise the commitment of the existing volunteers without which the industry simply would cease to operate and we also recognise that such challenges can be daunting in terms of encouraging other volunteers to assist at a Club level.

The Board has made available resources to assist at Club level to deal with administrative, WH & S issues and marketing.

It was again important to secure appropriate BOC Integrity and Contribution Agreements to ensure that wagering operators contribute sufficiently in terms of the return to racing from their operations. We have also been mindful to work productively with Sky Channel in terms of racing timetables to maximise turnovers and thus revenue.

### **Vale Simone Montgomerie**

The Racing Industry was saddened by the tragic loss of Simone Montgomerie in Darwin. Simone graduated from our Apprentice Academy and moved to the Northern Territory to further her career. Our thoughts go out to her family and friends at this sad time.

### **Acknowledgments**

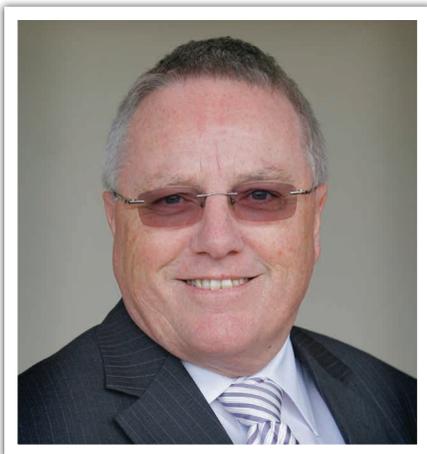

TRSA operates with a very small staff capably led by Jim Watters CEO, Nick Redin COO, and Johan Petzer Chairman of Stewards. We are all indebted to management and staff for their professional and dedicated approach to the task throughout the year.

## Chief Executive Officer's Report

*Jim Watters Chief Executive Officer*

### CEO's Report

The 2013 financial year has been a very positive one for thoroughbred racing in South Australia. The year's financial highlights were:

- 5.3% increase in total revenue
- 4.78% increase in revenue from wagering on South Australian thoroughbred racing by both local and national customers
- \$530K increase in Capital Grants paid to Clubs
- Achieving record market share of 71.679%, between the three racing Codes in South Australia.

### Key Financial Results

TRSA recorded a surplus of \$3,034,297 before Abnormal Items, for the 2013 financial year, which is a \$3,508,509 improvement on the previous year's Loss of \$474,212. Importantly the result achieved is \$3,287,264 ahead of the 2012/13 Budget as noted in the 2012 Annual Report, which had been for a Loss of \$252,967.

TRSA's total Revenue for 2012/13 was up by \$2.421M (+5.3%) on the prior year, with revenue from wagering up \$1.718M (+4.78%), despite what most would agree has continued to be a 'soft' wagering market. 2012/13 Expenditure fell by \$1.087M (-2.3%), in the main due to

\$1.266M less being paid out in gross prize-money. While prizemoney for individual races was maintained at the previous season's levels, several factors contributed to the lower gross prizemoney amount paid out, in particular:

- 4 race meetings were lost through winter due to adverse weather and track conditions
- There were 16 race meetings where the number of races held were less than for last year (and had been budgeted for in 2012/13)
- There were fewer races which were required to be divided.

Industry Payments (to Clubs) however were up \$1.065M (+17.5%), with virtually half of the increase the result of an increase of \$530K in Club Capital Grants. Capital Grants to Clubs totalled \$953,163 and Industry Payments excluding Capex, increased by \$535,865 (+9.48%). The TRSA Board has continued its commitment to the Club funding model implemented in 2009, which sees TRSA pay the bulk of Club raceday operational costs (vision, ambulance and a number of raceday staff etc including veterinarians, farriers and barrier attendants).

Although it has fallen once again as a percentage of TRSA's total Revenue, from 66.10% in 2011/12 to 57% in 2012/13, the TAB Product Fees paid to the South Australian racing industry by SA TAB continues to be our greatest source of revenue - by a wide margin. Although this is the first time in many years that, regardless of its percentage contribution to TRSA's total Revenue, the quantum received from SA TAB has decreased. However for 2012/13 the thoroughbred Code achieved a near record market share of 71.679%, compared to that for 2011/12 of 70.26%, which assisted in offsetting the effect on the thoroughbred Code, of the reduced SA TAB turnover pool.

A major contribution to TRSA's Revenue and its improved financial result, is the substantial net growth in the income received from interstate wagering operators, referred to in South Australia as Betting Operations Contribution and interstate as "racefields". The TRSA Board believes it has adopted a model for South Australia which maximises the return obtained from these wagering operators. For 2012/13 the net revenue received by way of Betting Operations Contributions was \$9.970M, an increase of \$4.535M (+83.5%) on the prior year. Since its introduction in 2008, this source of revenue has grown to now represent 20.5% of our total Revenue and has in fact grown significantly from 11.8% in 2011/12.

The \$2.5M from the SAJC by way of Contribution to Industry Prizemoney is in line with the current agreement in place with the SAJC. This is provided by way of a contribution to the industry from the financial return achieved by the Club on the investment of the net proceeds from the sale of Cheltenham Racecourse.

Revenue from the Wagering Tax rebate has increased annually as the percentage amount of the Wagering Tax payable by SA TAB to the State Government, now directed back to the racing industry, is increased. Effective from the commencement of the 2012/13 financial year, the full amount of the Wagering Tax is distributed to the industry.

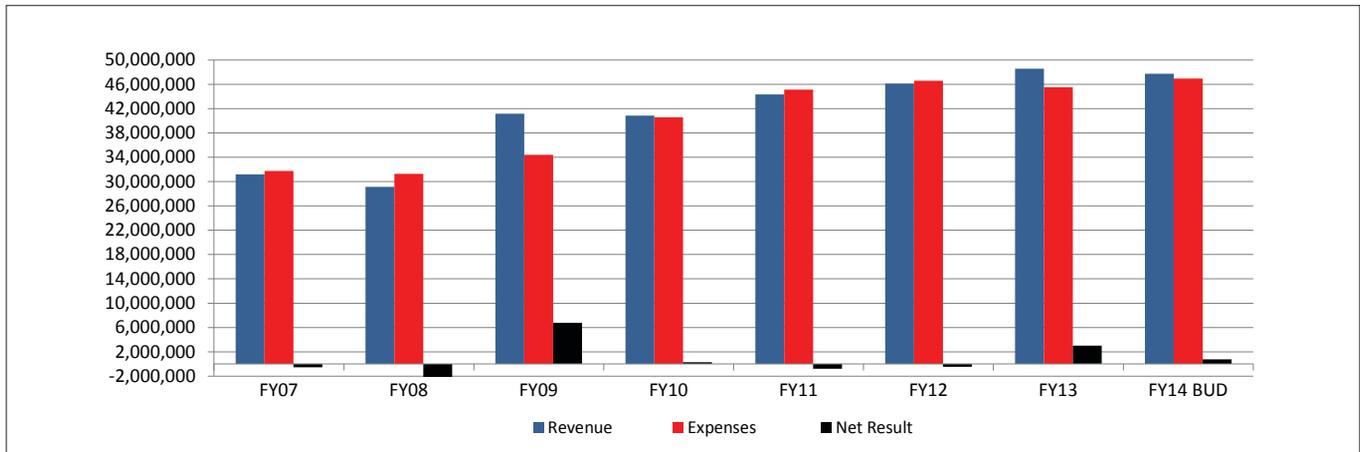

As reported on numerous previous occasions, the TRSA Board has maintained a strong focus on maximising the returns available to the industry's participants. As such, 71% of Thoroughbred Racing SA's 2012/13 Expenditure has been by way of Prizemoney distribution, while 66.53% of our Revenue was returned to participants by way of Prizemoney distribution.

### Overall Company Profitability and Reserves

The chart below shows the Company's operating results for the last seven financial years and FY14 Budget.

	FY07	FY08	FY09	FY10	FY11	FY12	FY13	FY14 BUD
<b>Revenue</b>	31,187,859	29,116,726	41,163,197	40,833,921	44,335,300	46,118,543	48,540,042	47,707,476
<b>Expenses</b>	31,738,141	31,255,121	34,399,079	40,554,945	45,102,006	46,592,755	45,505,745	46,930,738
<b>Net Result</b>	(550,282)	(2,138,395)	6,764,118	278,976	(766,706)	(474,212)	3,034,297	776,738

The chart below shows the Company's cash reserves and value of share holdings for the last 7 financial years and FY14 Budget.

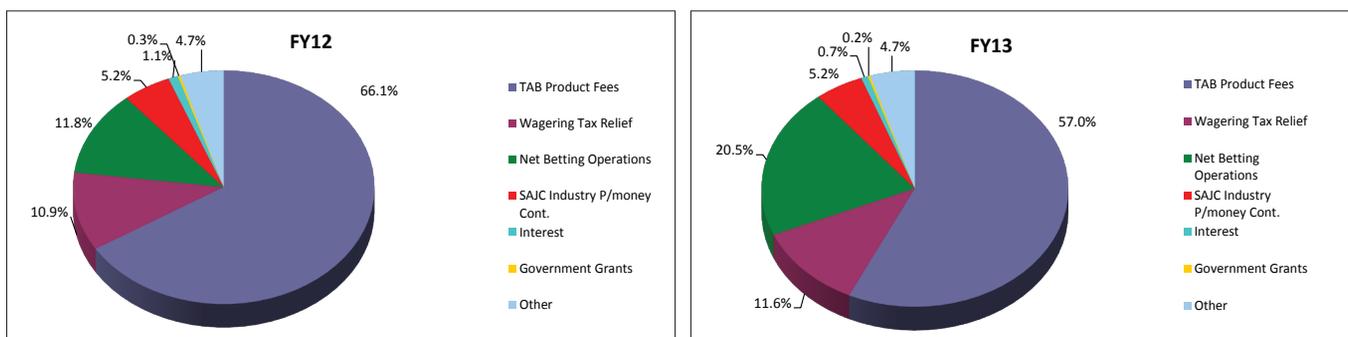

THOROUGHBRED RACING SA LIMITED: **Chief Executive Officer's Report**

	FY07	FY08	FY09	FY10	FY11	FY12	FY13	FY14 BUD
Cash	4,235,012	3,098,427	10,039,823	4,745,639	2,182,115	6,851,737	8,017,101	8,799,537
Shares	982,301	761,239	622,130	669,922	648,970	608,184	762,228	800,339
<b>Total</b>	<b>5,217,313</b>	<b>3,859,666</b>	<b>10,661,953</b>	<b>5,415,561</b>	<b>2,831,085</b>	<b>7,459,921</b>	<b>8,779,329</b>	<b>9,599,877</b>

The data for 2007/08 and 2008/09 does not include State Government Grant Funds received for the Gawler redevelopment, the balance of which at reporting date was \$6M and \$5.25M for the two years respectively, this amount was nil at 30 June 2010 and for subsequent years.

The change in cash in 2009/10 and 2010/11 was due to the increase in monies loaned to Clubs that are not treated as 'cash' for the above purposes. The improvement in the position in 2011/12 was due to the vast majority of the loans to Clubs being repaid in full during the 2011/12 financial year.

**Revenue** The Charts below show the proportion of revenue for each class of revenue for the last two financial years

	FY11	FY12	CHANGE
TAB Product Fees	30,501,112	27,683,675	(2,817,437)
Wagering Tax Relief	5,019,896	5,615,888	595,992
Net Betting Operations	5,434,758	9,970,118	4,535,360
SAJC Industry P/money Cont.	2,400,000	2,500,000	100,000
Interest	485,892	354,845	(131,047)
Government Grants	120,000	120,000	-
Other	2,156,885	2,295,516	138,631
<b>TOTAL</b>	<b>46,118,543</b>	<b>48,540,042</b>	<b>2,421,499</b>

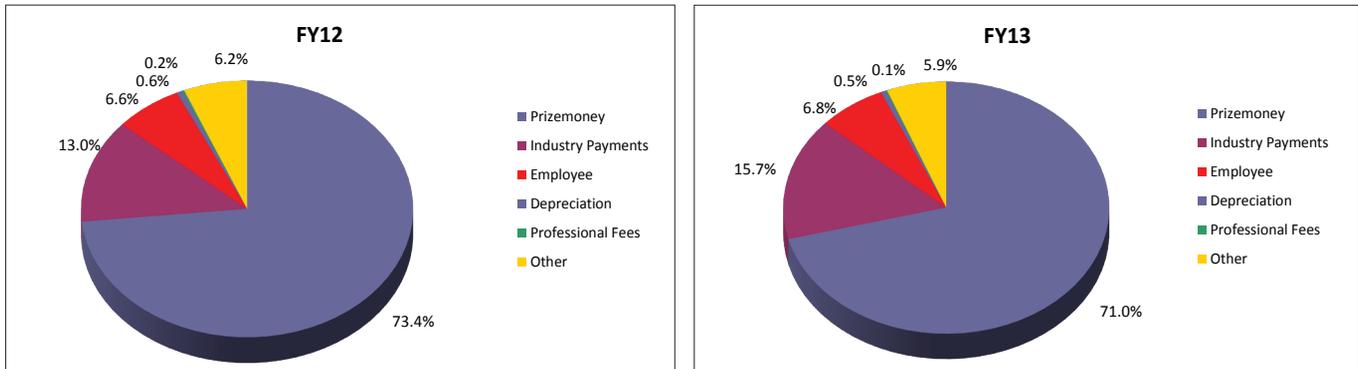

2012/13 Net Betting Operations Contribution (BOC) is after deductions of \$5.8M (2011/12 \$6.8M) relating to charges incurred by SA TAB from other States' Racefields Legislation (which is the equivalent to South Australia's BOC). Under the South Australian Racing Distribution Agreement, which is the Agreement between SA TAB and the three Codes following the sale of the SA TAB, SA TAB is entitled to recover from the Codes the cost to obtain Interstate racing product.

Other Revenue includes; Screening and International Rights, SABOIS registration fees, industry participants' registration fees, calendar advertising and subscriptions (The Races), together with other sundry revenue items.

THOROUGHBRED RACING SA LIMITED: **Chief Executive Officer's Report**

**Expenses**

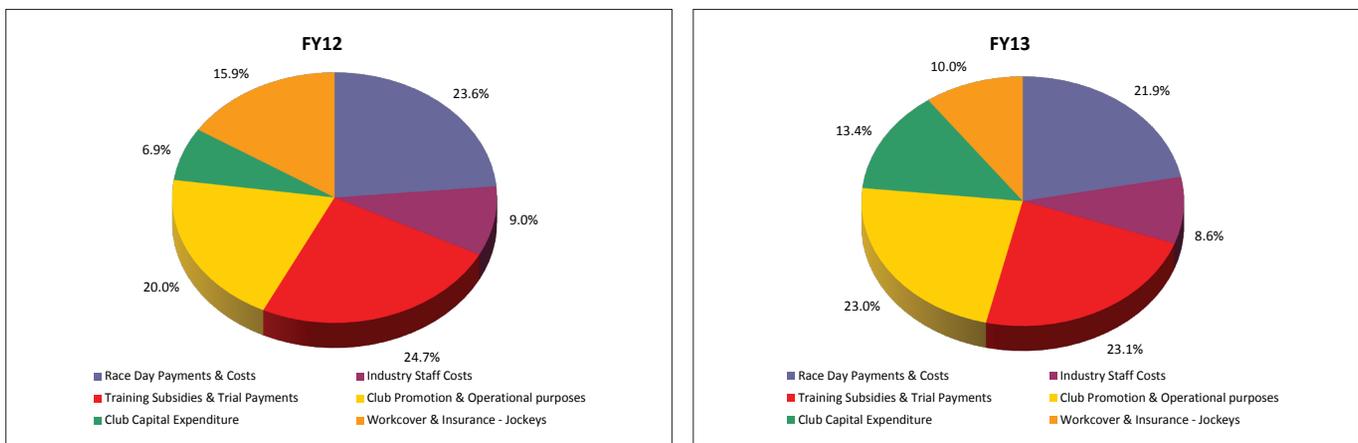

The Charts below show the proportion of expenses for each department for the last two financial years

	FY12		FY13		CHANGE	
Prizemoney	34,196,774	73.4%	32,294,845	71.0%	(1,901,929)	-5.6%

### **Plastic Running Rails**

In 2012 the TRSA Board received the report and recommendations back from the Plastic Running Rails Working Party it had established to investigate all aspects of the possible introduction of plastic running rails in South Australia. The Board endorsed the recommendations made and a staged introduction of plastic running rails in South Australia was agreed. With the better than budgeted financial result achieved in 2012/13 the Board resolved to commence the roll-out immediately. \$415K was therefore expended in 2012/13 with the introduction of plastic running rails at Morphetville (both tracks), Gawler and Murray Bridge. A further \$200K has been committed in the 2013/14 Budget to install plastic running rails at Balaklava and Strathalbyn, with installation to follow at Pt Lincoln and Mt Gambier in 2014/15.

### **Prizemoney and Race Classifications**

On top of the increased Club Industry Payments, (which included \$415K towards Plastic Running Rails in 2012/13 from the total project cost of \$845K) and a one-off operational payment to Clubs of \$416K, off the back of our significantly above budget financial result for 2012/13, the TRSA Board also announced prizemoney increases for 2013/14. Prizemoney for 2013/14 will rise by \$652,000 over that paid in 2012/13 with increases to be applied at both Metropolitan and Provincial race meetings. The prizemoney increases will be to standard Metropolitan races and "above Maiden" Provincial races, rather than for top-end races.

Prizemoney across the 350 plus non Maiden races will increase by 10% to \$11,000. The

increased prizemoney at Metropolitan race meetings has been done in conjunction with changes to various race Classifications and the introduction of more Benchmark events. The 0-75 events become 0-78 with prizemoney increasing to \$30,000 (from \$25,000). 68+ and 0-94 Rating races will be replaced with Benchmark 90 events with prizemoney of \$40,000 compared to the current \$34,000 for the 0-94 races.

### **Resources Provided for Clubs**

TRSA has once again provided significant resources in various areas to assist South Australian racing Clubs, including WH&S, Marketing, Finance and Accounting and Liquor Licensing requirements and compliance. TRSA's Marketing team has built strong partnerships with Clubs to promote their key event days, as well as further enhancing the industry brand and the promotion of racing generally. However it is in the area of WH&S where TRSA will potentially be required to provide the greatest assistance with appropriate resource back-up for Clubs.

Our Industry Operations Manager has completed the task of workshops with Clubs throughout the State to assist with their WH&S compliance issues. TRSA has now introduced a detailed Health & Safety Incident Reporting process to assist Clubs and participants, which should enhance the safety aspect of participants' work environment. A Work Health & Safety Checklist for all South Australian thoroughbred racing Clubs has been developed, which lead to a requirement on all Clubs to conduct site assessments of their facilities, working with TRSA Management. TRSA Management is now

undertaking a full facilities audit of all race tracks in the State to finalise this aspect.

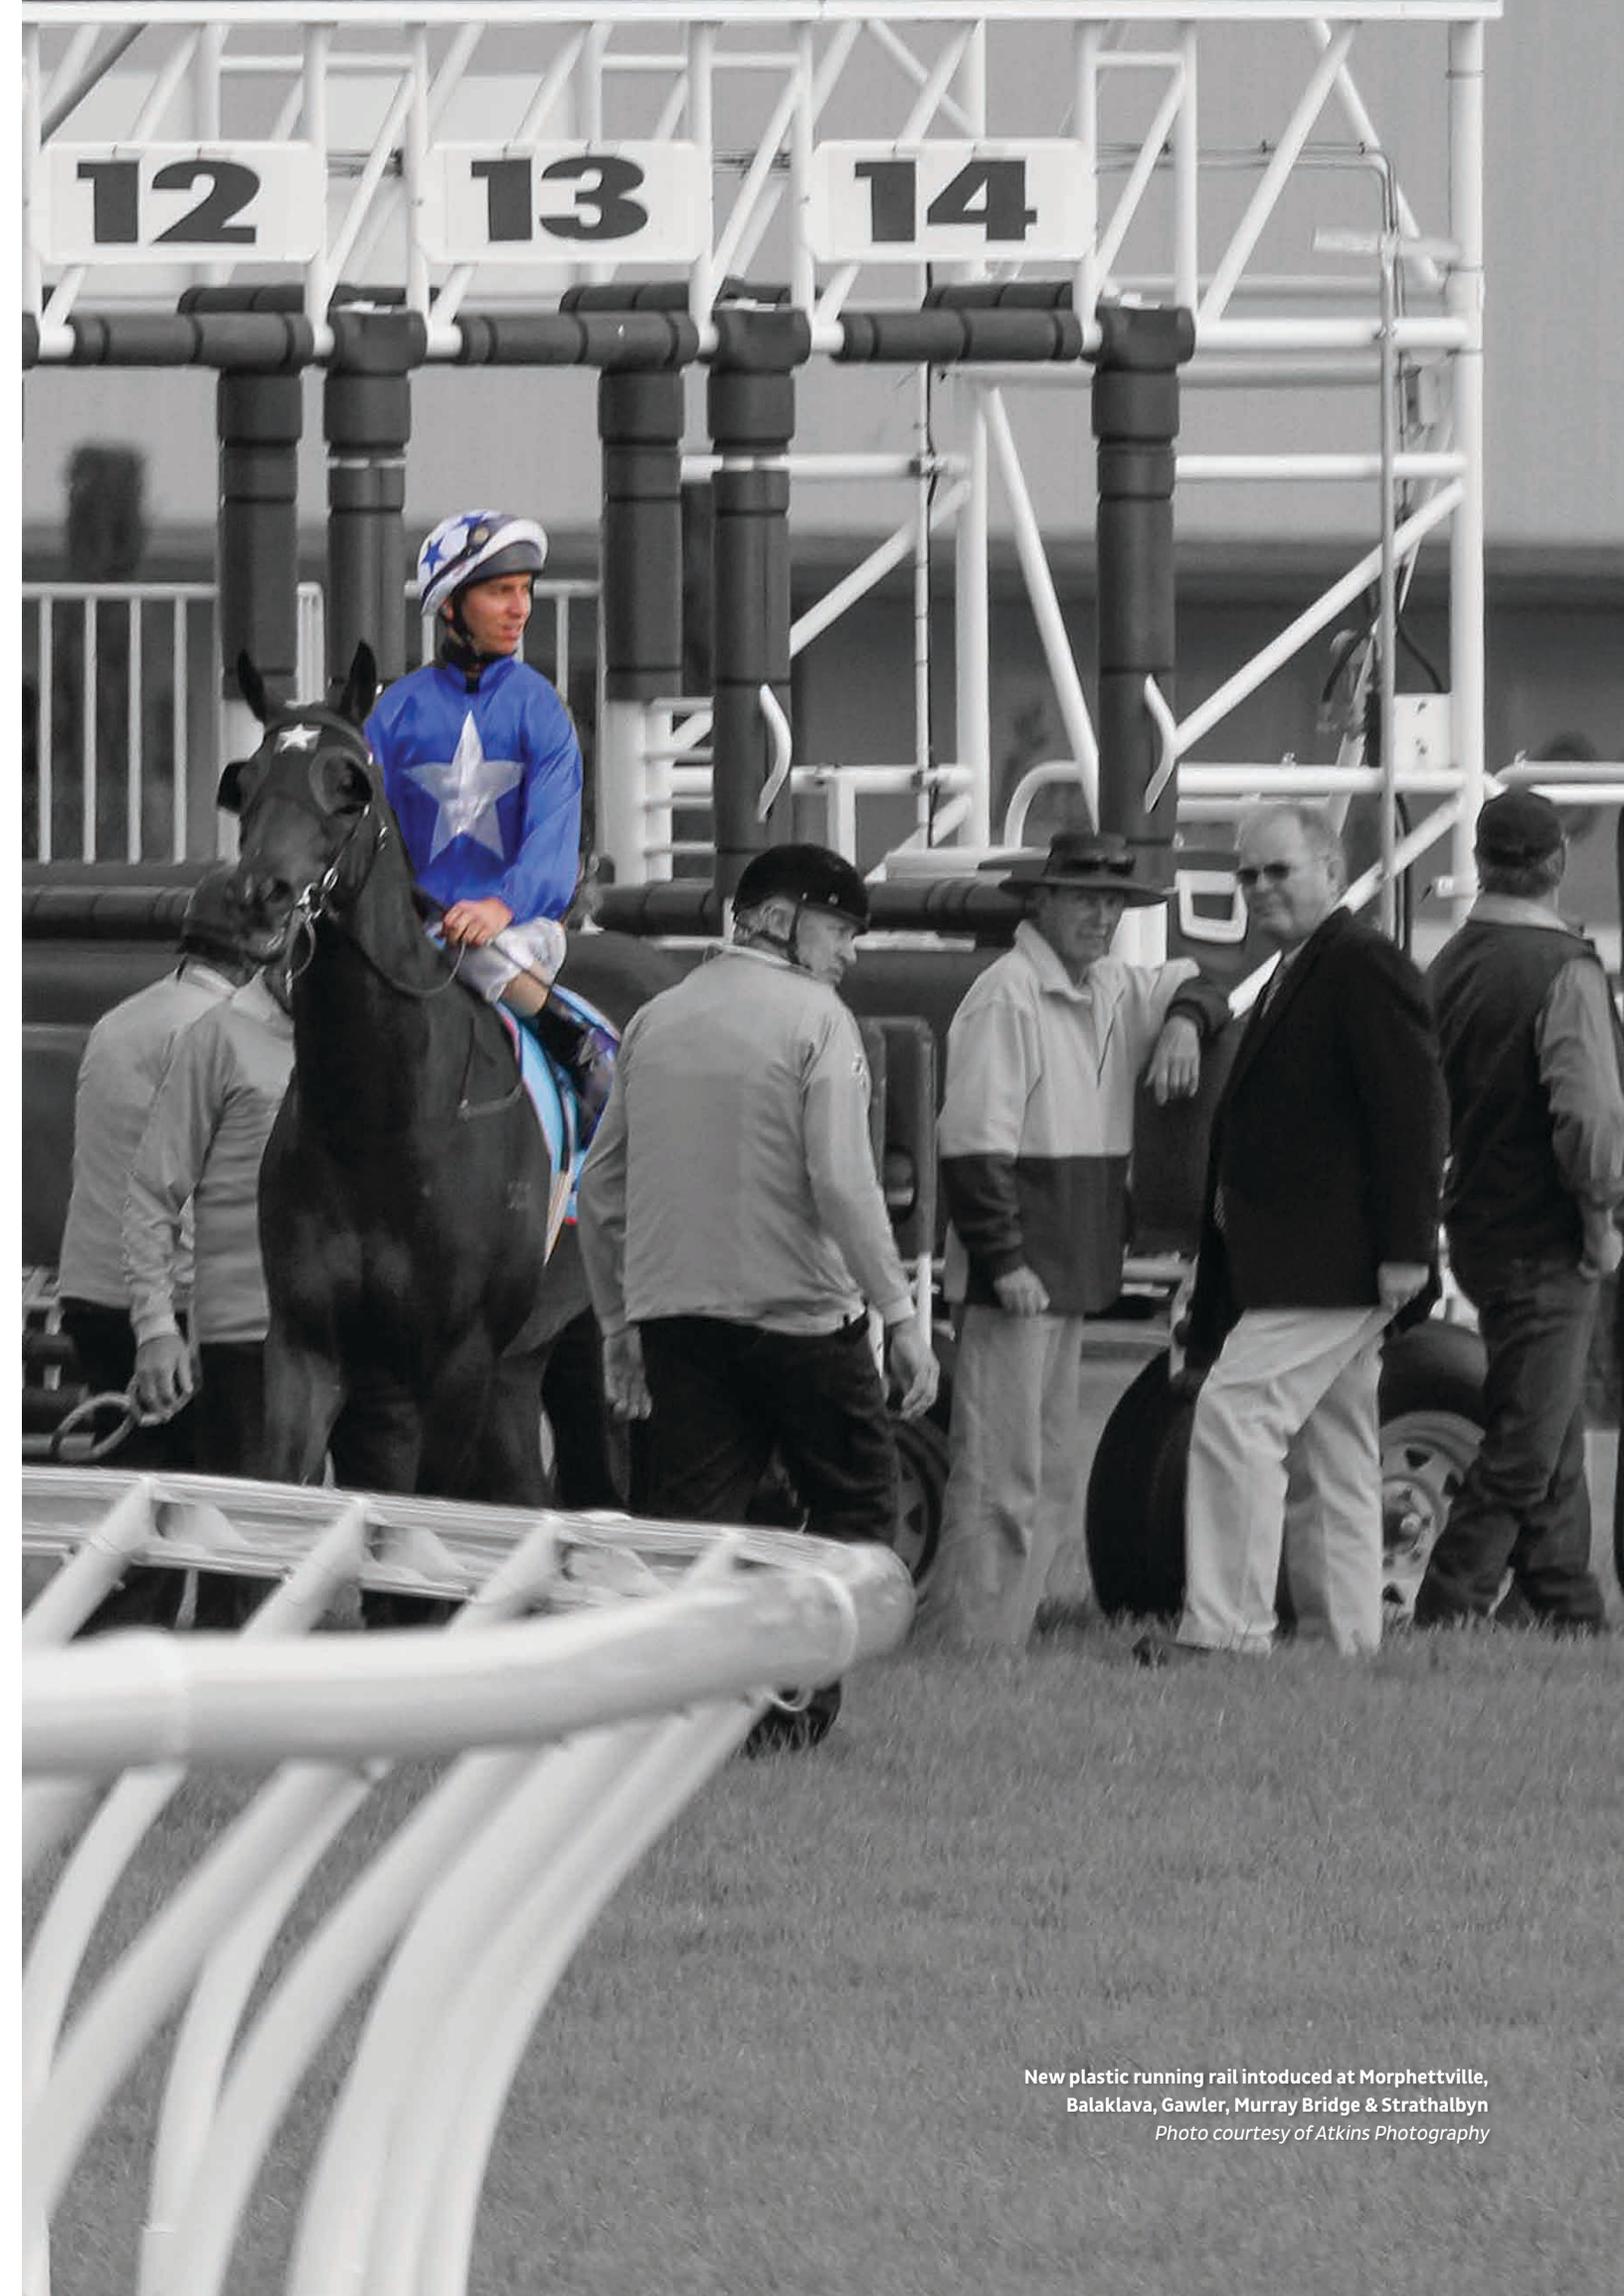

### **Adelaide Autumn Racing Carnival**

2013 saw the second year of South Australia's newly developed and defined racing Carnival in late April and early May. While we were not as fortunate as with the inaugural Carnival where Black Caviar graced us with her presence on the track on both the opening and closing days of the Carnival, we continue to receive positive feedback on the establishment of the Adelaide Autumn Carnival which provides the South Australian racing industry with a window of opportunity to be the focus of racing in Australia, positioned between Melbourne's Festival of Racing, Sydney's Autumn Carnival and the Queensland Winter Carnival.

In conjunction with the SAJC we have established a Carnival over three consecutive Saturdays with a total of \$3.5M in prizemoney available, with four Group One events, including the Group One Centrebet SA Derby and The Distinctive Homes Goodwood. The challenge is to now "kick on" with the Carnival to gain greater participation both on and off the track, and to reinforce our place on the Australian racing calendar.

### **Adelaide Cup**

As reported in previous Annual Reports, the assessment and analysis undertaken by TRSA with regards the placement of the Adelaide Casino Adelaide Cup, lead to a submission, in fact now three submissions, to the State Government seeking to have the Adelaide Cup public holiday moved from March back to May. While some have

New plastic running rail introduced at Morphettville,  
Balaklava, Gawler, Murray Bridge & Strathalbyn  
*Photo courtesy of Atkins Photography*

suggested a move of the Cup back to May regardless of the public holiday placement, the TRSA Board is strongly of the view that the link between the Adelaide Cup and the public holiday should be maintained. As reported in the 2012 Annual Report a Review commissioned by the State Premier contained a recommendation that the Queen's Birthday public holiday be moved forward from June to May to accommodate the placement of the Adelaide Cup. TRSA continues to pursue this latest option and the move of the Cup to May, and on numerous occasions the Opposition State Liberal Party has advised that it would provide a public holiday option for the Adelaide Cup in May if it were to succeed at the next State election.

### **South Australian Thoroughbred Racing Industry Awards**

A full list of the winners of the various South Australian thoroughbred racing industry Awards for 2012/13 is included at the conclusion of my report, and I once again congratulate each of the Award winners. The competition for the South Australian Champion Racehorse of the Year Award was the toughest in my time in South Australia, with Alcopop edging out Happy Trails and Miracles of Life, with his excellent third on the international stage in the Hong Kong Cup on top of his great win in the Group One MacKinnon Stakes undoubtedly a telling factor. South Australian trainers had an excellent Melbourne Cup week, taking out Group One races on the first and last days of the Carnival, with Alcopop in the MacKinnon Stakes and Happy Trails in the Emirates Stakes. But who could forget the fairy tale that was the Miracles of Life story, with Miracles of Life, Lauren Stojakovic and

Daniel Clarcken triumphing in the Group One Blue Diamond Stakes. Then to "*cap the season off*" we had Jamie Kah, a 16 year old apprentice in her first full season taking out the Metropolitan Jockeys' Premiership. What great achievements.

There were many more outstanding achievements by several of South Australia's racing participants achieving personal career highlights and keeping South Australian thoroughbred racing to the forefront. To each of you – Congratulations.

### **Conclusion**

Racing administrators in all States and jurisdictions would acknowledge that the racing industry faces challenging times, both in terms of its revenue and expenses. There continues to be pressure on the industry's traditional revenue streams while rising operational costs and compliance with WH&S requirements in particular, are having a major adverse impact on our "bottom line". Wagering continues to be the major revenue source for the racing industry, whether it be generated through our own TAB or from interstate operators, and this is an ever evolving and changing market.

While TRSA achieved a 5.3% growth in its revenue for 2012/13, with the generally weaker market and wagering conditions, we cannot anticipate the same increases and growth as we have achieved in recent years. However the platform we have established over the past four years should assist us and, provide participants with a level of confidence in thoroughbred racing's future in South Australia. South Australia continues to provide racing which is attractive to wagering operators both intra

and interstate as well as internationally, and the continued successful implementation of a charging model as is currently in place for wagering on our racing is vital.

However for the South Australian racing industry to achieve and maintain significant growth, as is necessary in the face of growing competition from the interstate racing industries, will require meaningful support from the State Government. We consider that what we as an industry are seeking from Government is no more than is justified when considering the contribution racing makes to the community and the State's economy.

Finally, I thank all of the staff at TRSA for their continued efforts and contribution towards the growth, integrity and success of thoroughbred racing in our State. They work as a team and we are dedicated to enhancing thoroughbred racing in South Australia, and implementing the policies of the Board.

Thank you also to all racing Clubs and participants in the South Australian racing industry for your contribution to racing at all levels. Ultimately it is your industry.

 Horse

Aurie's Star  
 Leilani

## Chairman Of Stewards' Report

JC Pretzer Chairman of Stewards

Like most racing seasons the 2012/13 season provided its fair share of challenges to which the Stewards' department responded in a positive manner. The department continues to provide integrity services to the Industry through the application of the Rules of Racing and Policies. Safety and welfare matters remain an important aspect of the department's functions. The department performed their duties in a diligent, professional and dedicated manner.

### Stewards' Department - Functions

The functions performed by the department included the provision of integrity services on race day, at trials, jump-outs and track work. The department also conducted inquiries, investigations, managed sampling strategies, monitored wagering activities and conducted stable inspections.

The department provided licensing and veterinary services, acted in the capacity of Deputy Registrar of Racehorses and managed the functions of the Apprentice Academy and the Jumps Review Panel.

### Stewards' Department - Personnel

Long serving Chairman of Stewards, Graham Loch, resigned from the Panel in February 2013 to take up a position as Director of Racing with the Macau Racing Club. Following Graham's departure I was appointed to the position of Chairman of Stewards and subsequently Matt Santoro was appointed Deputy Chairman of Stewards.

Former Steward, Peter Matthews, who provided valuable assistance to the Department on a part time basis, completed his tenure in July.

### Significant developments

The industry was extremely fortunate to see the introduction of plastic running rail at a number of Race tracks during the latter part of the season. This initiative, supported by Stewards, and carefully managed by the Board and Management of TRSA, is a positive step and is bound to provide benefits to participants.

Stewards also considered the suitability of the use of plastic marker pegs as a "guide rail" during official trials. Following review, a decision was taken to discontinue this practice.

The introduction of "approval to race" jump-outs in late 2012 appears to have paid dividends with only twenty (87 in 2011/12) warnings being issued and forty-four (39 in 2011/12) horses being suspended for barrier behaviour. This reflects a 77% decrease and a 13% increase respectively.

### Licensing

The licensing functions were performed with dedication and professionalism by various staff members. The criteria for all licences, which was reviewed during the previous year, were implemented in the assessments of all applications.

During the year the Stewards' Department continued to visit the premises of licensed Trainers. During the course of these visits Stewards performed functions such as identification of horses in the stable, assessing feed supplies, scrutinising and examination of treatment books, as well as identifying veterinary products, in particular products which are not prescribed or labelled in accordance with legislation.

### During the 2012/13 Racing Season, the following licences were processed by the Department –

	2012/13	2011/12
Trainers	330	338
Jockeys	40	35
Apprentices	15	17
Interstate Jockeys	85	82
Interstate Apprentices	28	31
Stablehands	505	447
Stablehand / Trackwork Riders	178	173
<b>Total</b>	<b>1181</b>	<b>1133</b>

Photo courtesy of Fuller Images

### Veterinary Services

The Industry Veterinary Surgeon, Dr. Peter Horridge, continues to provide and supervise veterinary services at metropolitan and provincial racetracks. Dr Horridge's professional approach, knowledge and manner is an asset to the department. The Industry also remains indebted to those Veterinary Surgeons who regularly complement Dr. Horridge in the metropolitan area, in particular Dr. Agnew and Dr. Lewis from the Morphettville Equine Clinic, Dr. Bowden and Dr. Haensel and those who service the various country race meetings.

Dr. Horridge represents Thoroughbred Racing SA at meetings of the Veterinary and Analysts Committee (VAC) and the Department of Primary Industries and Resources SA (PIRSA), as well as Biosecurity SA. He also provides expert advice at Stewards' inquiries and Appeal hearings as well as advice to the Industry on veterinary and equine welfare matters.

#### The following horse samples were tested during the year –

	2012/13	2011/12
Post-race urine samples	1068	1050
Pre-race blood samples (TCO <sub>2</sub> )	1004	1080
Post-race blood samples (TCO <sub>2</sub> )	5	0
Post-trial urine samples	18	24
Non-race day samples	39	5
No. of positive tests	3	2
<b>Total</b>	<b>2137</b>	<b>2161</b>

Of the 3 positive samples recorded during the racing season, 2 were in races, which resulted in disqualification of both horses. The remaining positive related to a horse participating in an official trial. Two of the positives recorded were for therapeutic substances and the third was for TCO<sub>2</sub>. Testing strategies continue to be a critical element in providing a level playing field for all competitors, protecting the health and welfare of horses, the safety of riders and maintaining the confidence of the betting public and the broader community in the integrity of the South Australian thoroughbred racing industry.

Towards the end of the racing season TRSA acquired a portable "i-Stat" testing device which is designed to test for levels of TCO<sub>2</sub>. The device will continue to be used to further boost the Department's capabilities in the area of sampling.

The practice, which was first introduced in season 2011/12, requiring horses accepting for certain feature races, including all Group 1 events, to be present on course at least three hours prior to racing was continued. In addition, pre-race blood samples for TCO<sub>2</sub> testing were taken from horses pre race day and again repeated on race day. In selected races, all runners were subjected to testing for TCO<sub>2</sub>.

During the year 16 runners recorded elevated, but not prohibited, levels, resulting in Stewards issuing 11 Trainers with notification that analysis of a pre-race sample had reported an elevated TCO<sub>2</sub> result.

26 horses bled from both nostrils and incurred sanctions under Rule - ARR.53A. This reflects a reduction of 16% compared with the previous season. Of the 26 horses that bled, 3 recorded

their second episode and are now no longer eligible to race.

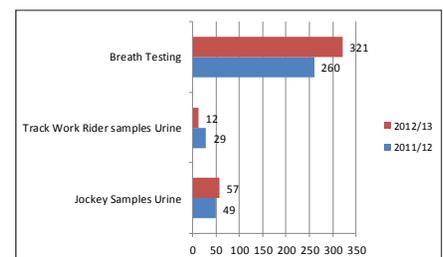

### Medical Panel

The TRSA Medical Panel plays an important role in providing advice and services to the Steward's department. The panel originally comprised only one member, Dr. Terry Hodgson, but was extended during the season with the appointment of Dr. Andrew Potter, Club Doctor with the Adelaide Crows Football Club. Dr. Potter brings a wealth of experience in sports injury management and concussion management. Dr. Potter performs and conducts the baseline concussion tests for Jockeys and Apprentice Jockeys which was recently introduced as a measure to further enhance the safe return of riders after injury.

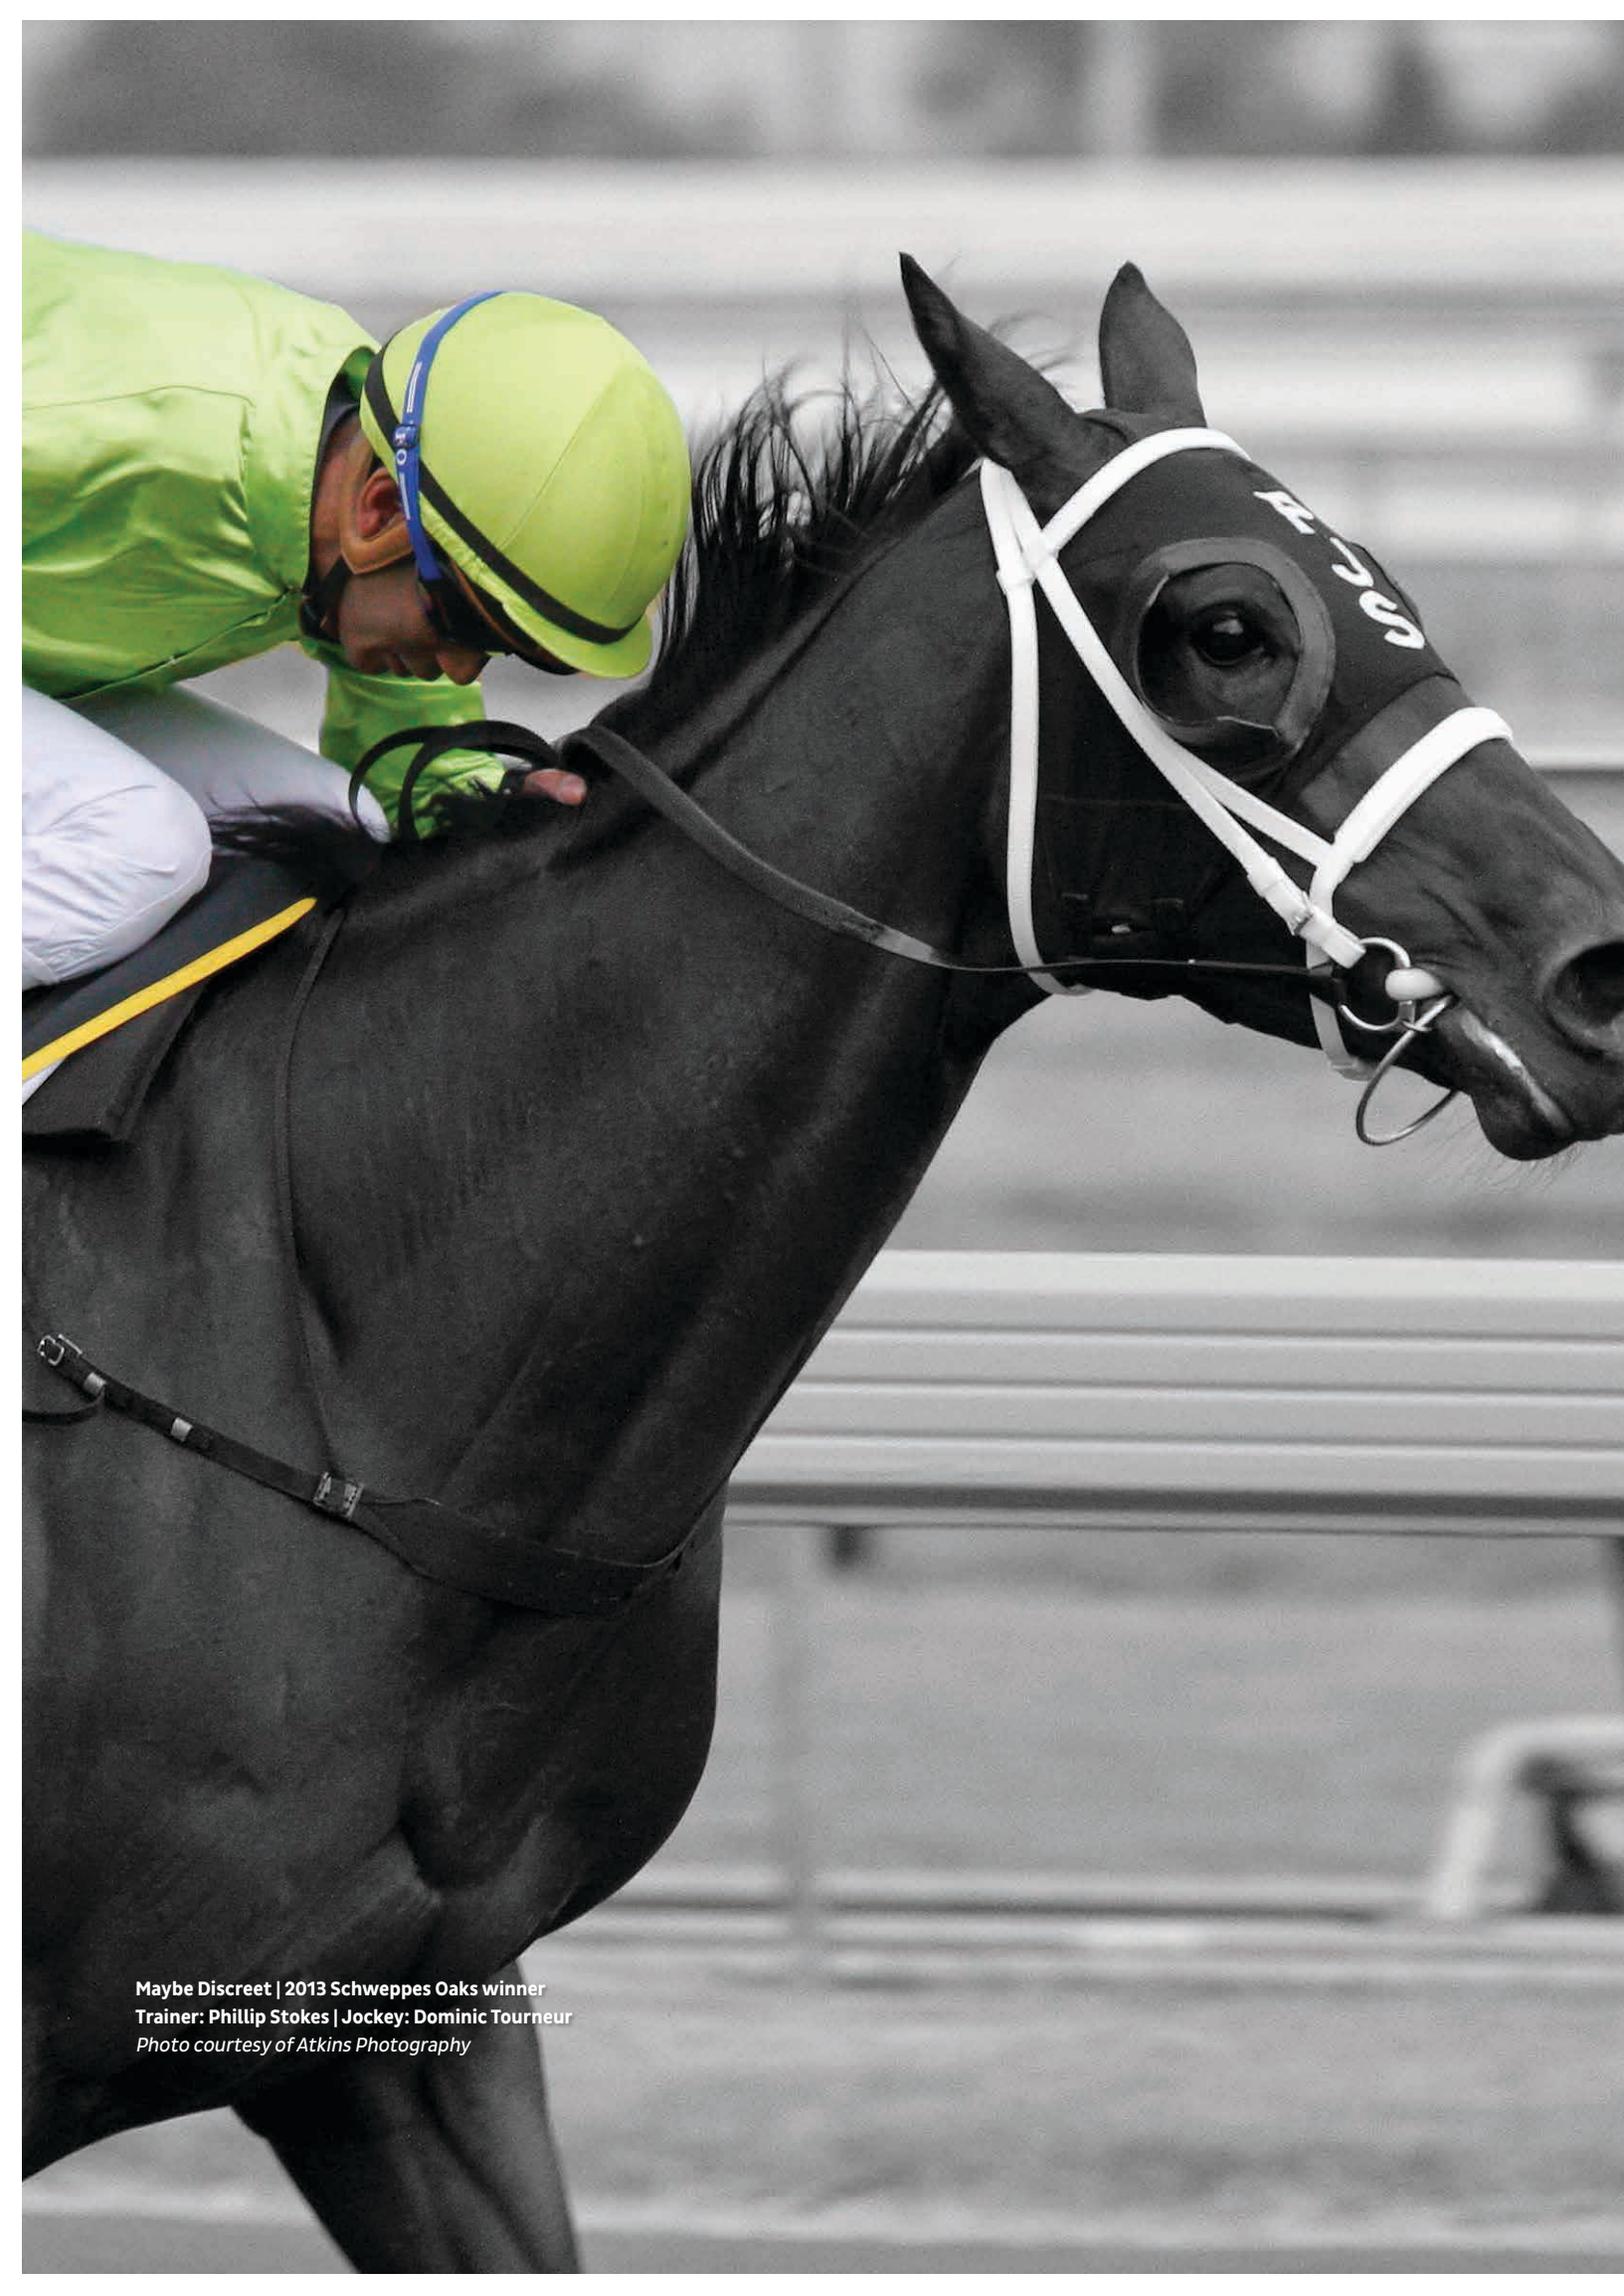

### Disciplinary

During the racing season, 44 Careless Riding charges were laid, which resulted in a suspension of licence. This number represents a 2% increase on the previous year. In addition, Stewards conducted 18 significant investigations /inquiries into breaches of the Rules.

#### The following human samples were tested during the year –

The results recorded 5 positive urine tests and 1 positive breath test during the 2011/12 season while the 2012/13 season recorded no positive results.

Maybe Discreet | 2013 Schweppes Oaks winner  
Trainer: Phillip Stokes | Jockey: Dominic Tourneur  
Photo courtesy of Atkins Photography

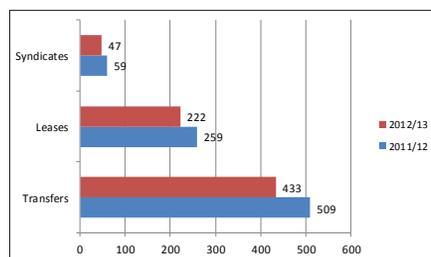

### Deputy Registrar

Under the Rules of Racing, Racing Information Services Australia (RISA) has the status of Registrar of Racehorses. Thoroughbred Racing SA (TRSA) is a shareholder of RISA, which processes all new horse registrations. In addition TRSA has the role of Lead Regulator under legislation, effectively acting as watchdog in the State of South Australia for the Australian Securities and Investments Commission (ASIC).

TRSA acts as Deputy Registrar for South Australian registration functions, which include Transfers of Ownership, Leases, Syndications and the approval of Promoters.

During the year the Department processed Transfers, Leases and Syndicates, which were scrutinised to ensure compliance.

#### Registrations, transfers, leases and syndicates processed during the year –

### Apprentice Academy

TRSA again supported the Annual National Apprentice Jockey Challenge with a heat conducted at Gawler. The final leg of the Challenge was conducted at Alice Springs in the Northern Territory.

Local Apprentice Jackson Matthews, riding WISE AND HAPPY for Trainer Brian Mueller, maintained the local Industry's good record in winning the South Australian leg of the

Series at Gawler. South Australia again proved very competitive, finishing in equal third place, only four points behind the winner – NSW. It should be noted that this was the fifth year of the series and South Australia has won the series on three occasions.

Krystal Bishop's efforts during the year were well rewarded when she was named Dux of the Apprentice Academy at the Annual Apprentice Awards Evening on 26 November 2012.

The Academy had 22 apprentices enrolled with 3 having been granted permission to ride in races for the first time in the relevant racing season. Attendance at the Academy on Tuesdays and at additional riding skills sessions conducted on Fridays remains mandatory.

The partnership with TafeSA Morphettville Horse Skills Centre, our training provider delivering the Certificate IV in Racing, and the training facility at Morphettville, continues to benefit the Industry.

The Academy liaised with Industry bodies including Race Training SA, TafeSA and the PRA National Training Committee, and provided a conduit for schools and interested groups seeking information regarding career opportunities.

I should also mention that it is a testament to the Academy and to Jamie Kah personally, that an Apprentice Jockey managed to win the Jockey Premiership in their first year of riding. We congratulate Jamie on her achievement.

The Apprentice Trust Fund continued to be managed within the Department.

### Jumps Review Panel

The Jumps Review Panel (JRP) continues to be co-ordinated in a positive manner by the department.

Members of the JRP were present at all race meetings, which included jumping events, and all races were reviewed. Regular consultation occurred with Racing Victoria Limited's Jumps Review Panel to ensure that consistency existed between States. The contribution of the panel should be commended.

### Liaisons and Contacts

The department continued to liaise with a number of bodies and/or stakeholders on relevant matters, including various State and National sector group bodies, and the Australian Racing Board through the National Chairmen of Stewards Committee and the Veterinary and Analysts Committee.

### Appreciation

I would like to express my appreciation to the department's staff, in particular Liz Tosetti - Personal Assistant, and Matt Santoro - Deputy Chairman of Stewards, for their professional and dedicated service.

JC Pretzer

## Principal Activities

The Company is a company limited by guarantee.

The Company is the Controlling Authority for thoroughbred racing in South Australia. The principal activities of the Company during the course of the financial year were to:

- (a) Regulate and control all aspects of thoroughbred horse racing including licensing, ownership, employment and participation;
- (b) Employ the personnel required to conduct race meetings and horse races;
- (c) Ensure the integrity of thoroughbred horse racing;
- (d) Effectively market and manage the South Australian Thoroughbred Racing brand; and
- (e) Prepare and implement plans and strategies for the management of the financial affairs of the thoroughbred horse racing code and for the development, promotion and marketing of the code in the state of South Australia.

## GENERAL OPERATIONS

The general operations of the company are to:

- (a) Receive distributions from SA TAB Pty Ltd from wagering on thoroughbreds in South Australia;
- (b) Negotiate arrangements with and receive payments from both intrastate and interstate wagering operators, other than the SA TAB Pty Ltd, that take bets on thoroughbred races conducted in this State;
- (c) Employ the personnel required to regulate the industry, plan and programme race meetings, conduct race meetings and remunerate participants in thoroughbred horse racing;

- (d) Determine the allocation of industry funding from revenue received;
- (e) Make payments of prize money to owners, trainers and jockeys;
- (f) Market South Australian thoroughbred racing both inter and intra state;
- (g) Provide financial support and management assistance to racing clubs throughout South Australia;
- (h) Negotiate vision rights with broadcasters for thoroughbred races;
- (i) Represent the South Australian industry's relationship with the Australian Racing Board Ltd and other controlling authorities throughout Australia;
- (j) Manage the industry's relationship with the State Government, primarily through the Minister for Recreation and Sport.
- (k) Conduct the operations of the South Australian Apprentice Jockeys Academy
- (l) Manage and administer the work cover claims for all injured licensed jockeys and apprentices

There were no significant changes in the nature of the activities of the Company during the year.

## Review and Results of Operations

### REVIEW OF OPERATIONS

The company's operating surplus for the year was \$3,034,297.

### DIVIDENDS

The Company's constitution prohibits the payment of dividends

### STATE OF AFFAIRS

In the opinion of the Directors, no significant changes in the company's State of Affairs occurred during the year.

## EVENTS SUBSEQUENT TO BALANCE DATE

In the opinion of the Directors, no matters or circumstances have arisen since the end of the financial year which significantly affected or may significantly affect the operations of the company, the results of those operations, or the State of Affairs of the company in future financial years.

## LIKELY DEVELOPMENTS

The Company will continue to strive to improve the viability of thoroughbred racing in South Australia and the returns to industry participants. Whilst this will not alter the direction of the company's activities, particular initiatives that are being pursued include the following:

- Development of a Racing Policy for government post March 2014 State Election including lobbying for the reinstatement of a Racing Minister
- Continued development and growth of the Adelaide Racing Carnival during April and the first two weeks of May, aimed at lifting the profile of South Australian racing on both the national and international scene.
- Working with the State Government and the SAJC to ensure there is a public holiday in May to which the Adelaide Cup can be moved in 2015.
- The completion of the development of the new Murray Bridge racing venue which should result in a racetrack that has greater appeal to the wagering public with a consequential benefit to the industry from increased wagering revenue.
- Continued monitoring of race programs aimed at growing starter numbers and driving an increase in wagering revenue.

- Develop initiatives aimed at improving both the race fields and attendances at Metropolitan, Provincial and Country race meetings.
- Continue to work with Clubs to ensure there is efficiency across the administration function including the further provision of financial management and reporting.
- Continue to work with Clubs to identify opportunities for aggregated purchasing to lower operating costs for Clubs.

## Directors' Meetings

The numbers of meetings of the Board and Board Committees and the attendances of each Director are set out in the following table:

DIRECTOR	BOARD	FINANCE	MARKETING	RACE DATES	JUMPS
Ms E Nelson QC	11	2		2	2
Mr D Rasheed	11	2		2	
Mr S Ward	11			2	
Mr D Cross	10	2	2		
Mr B Foster	9				
Mr K Smith AM	10				2
Mr Chris Atkins	10	1			
<b>Total Meetings Held</b>	<b>11</b>	<b>2</b>	<b>2</b>	<b>2</b>	<b>2</b>

The Board has also established a number of Steering Committees in respect of significant projects being undertaken by race clubs.

- Messrs Smith and Foster work on a committee with members of the Murray Bridge Racing Club Inc. on the project to develop a new course and associated facilities at Murray Bridge.
- Ms Nelson QC is the Thoroughbred Racing SA Ltd nominated Director for Gifford Hill Pty Ltd, the joint venture company formed for the wider Murray Bridge Development.

## Other Matters

### AUDITOR'S INDEPENDENCE DECLARATION

The Auditor's Independence Declaration is set out on page 8 and forms part of the directors' report for the financial year ended 30th June 2013.

### INSURANCE OF OFFICERS

The Company has paid insurance premiums in respect of directors' and officers' liability insurance contracts for current directors and officers.

The directors have not included details of the nature of the liabilities covered or the amount of the premium paid in respect of the directors' and officers' liability contract as such disclosure is prohibited under the terms of the contract.

Dated at Adelaide this 27th day of September 2013.

Signed in accordance with a resolution of directors:

F Nelson QC

**Director**

## Auditor's Independence Declaration

**AUDITOR'S INDEPENDENCE DECLARATION  
UNDER SECTION 307C OF THE CORPORATIONS ACT 2001  
TO THE DIRECTORS OF THOROUGHBRED RACING SA LIMITED**

I declare that to the best of my knowledge and belief, during the year ended 30 June 2013, there have been:

- (i) no contraventions of the auditor independence requirements as set out in the Corporations Act 2001 in relation to the audit; and
- (ii) no contraventions of any applicable code of professional conduct in relation to the audit.

# Notes to the Financial Statements

For the year ended 30 June 2013.

The financial statements and notes represent Thoroughbred Racing SA Limited ("the Company") as an individual entity, incorporated and domiciled in Australia. Thoroughbred Racing SA Limited is a company limited by guarantee.

## 1. Summary of significant accounting policies

### BASIS OF PREPARATION

The Company has elected to early adopt the Australian Accounting Standards - reduced Disclosure Requirements as set out in AASB 1053: Application of Tiers of Australian Accounting Standards and AASB 2010-2: Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements. Accordingly, the entity has also early adopted AASB 2011-2: Amendments to Australian Accounting Standards arising from the Trans-Tasman Convergence Project - Reduced Disclosure Requirements and AASB 2012-7: Amendments to Australian Accounting Standards arising from Reduced Disclosure Requirements in respect of AASB 2010-6: Amendments to Australian Accounting Standards - Disclosures on Transfers of Financial Assets and AASB 2011-9: Amendments to Australian Accounting Standards - Presentation of Items of Other Comprehensive Income.

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards - Reduced Disclosure Requirements of the Australian Accounting Standards Board (AASB) and the Corporations Act 2001 (Cth).

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in financial statements containing relevant and reliable information about transactions, events and conditions. Compliance with Australian Accounting Standards ensures that the financial statements and notes also comply with International Financial Reporting Standards (IFRS). Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless otherwise stated.

The financial statements, except for cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

The financial report was authorised for issue by the Directors of the Company on 27 September 2013.

### (a) Revenues

Revenues are recognised at fair value of the consideration received net of the amount of goods and services tax (GST).

### TAB PRODUCT FEE REVENUE

Revenue from TAB product fees is recognised as it accrues.

### BETTING OPERATIONS CONTRIBUTION

Revenue from Betting Operations Contribution is recognised as it accrues.

### SABOIS REVENUE

SABOIS subscriptions are not recognised as revenue until horses are two years old, when one third is recognised as revenue and the balance is recognised when the horses are three year olds.

### SALE OF GOODS

Revenue from the sale of goods is recognised when control of the goods passes to the customer.

### FINANCIAL INCOME

Financial income comprises interest income on funds invested, dividend income, gains on the disposal of available-for-sale financial assets and changes in the fair value of financial assets through profit or loss. Interest income is recognised as it accrues, using the effective interest method. Dividend income is recognised on the date that the Company's right to receive payment is established, which in the case of quoted securities is the ex-dividend date.

### (b) Financial expenses

Financial expenses comprise interest expense on borrowings, changes in the fair value of financial assets at fair value through profit or loss and impairment losses recognised on financial assets. All borrowing costs are recognised in profit or loss using the effective interest method.

### (c) Taxation

No provision for income tax has been raised as Thoroughbred Racing SA Limited is exempt from income tax under the Income Tax Assessment Act 1997.

## 1. Summary of significant accounting policies (continued)

### (d) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the Statement of Financial Position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities, which are recoverable from or payable to the ATO, are presented as operating cash flows included in receipts from customers or payments to suppliers.

### (e) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at-call with banks, other short-term highly liquid investments with original maturities of three months or less. Bank overdrafts, if any, are shown within short-term borrowings in current liabilities on the Statement of Financial Position.

### (f) Plant and equipment

Plant and equipment are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses

are recognised either in the Statement of Comprehensive Income or as a revaluation decrease if the impairment losses relate to a revalued asset. A formal assessment of recoverable amount is made when impairment indicators are present (refer to Note 1(h) for details of impairment).

The depreciable amount of all fixed assets is depreciated on a straight-line basis over the asset's useful life to the Company commencing from the time the asset is available for use.

The estimated useful lives for each class of depreciable asset are:

- Plant and equipment 3-10 years
- Motor Vehicles 5-7 years
- Furniture and Fittings 3-10 years

The assets' residual values and useful lives are reviewed and adjusted, if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the Statement of Comprehensive Income.

### (g) Financial instruments

#### INITIAL RECOGNITION AND MEASUREMENT

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions to the instrument. For financial assets, this is

equivalent to the date that the Company commits itself to either purchase or sell the asset (i.e. trade date accounting is adopted). Financial instruments are initially measured at fair value plus transaction costs except where the instrument is classified "at fair value through profit or loss", in which case transaction costs are recognised in the Statement of Comprehensive Income immediately.

#### CLASSIFICATION AND SUBSEQUENT MEASUREMENT

Financial instruments are subsequently measured at fair value, amortised cost using the effective interest rate method, or cost. Fair value represents the amount for which an asset could be exchanged or a liability settled, between knowledgeable, willing parties. Where available, quoted prices in an active market are used to determine fair value. In other circumstances, valuation techniques are adopted.

Amortised cost is the amount at which the financial asset or financial liability is measured at initial recognition less principal repayments and any reduction for impairment, and adjusted for any cumulative amortisation of the difference between that initial amount and the maturity amount calculated using the effective interest method.

#### (i) Financial assets at fair value through profit or loss

Financial assets are classified at "fair value through profit or loss" when they are held for trading for the purpose of short-term profit taking, or where they are derivatives

## 1. Summary of significant accounting policies (continued)

not held for hedging purposes, or when they are designated as such to avoid an accounting mismatch or to enable performance evaluation where a group of financial assets is managed by key management personnel on a fair value basis in accordance with a documented risk management or investment strategy. Such assets are subsequently measured at fair value with changes in fair value (i.e. gains or losses) being recognised in the Statement of Comprehensive Income.

### (ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market and are subsequently measured at amortised cost. Gains or losses are recognised in the Statement of Comprehensive Income through the amortisation process and when the financial asset is derecognised.

### (iii) Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets that have fixed maturities and fixed or determinable payments, and it is the Company's intention to hold these investments to maturity. They are subsequently measured at amortised cost. Gains or losses are recognised in the Statement of Comprehensive Income through the amortisation process and when the financial asset is derecognised.

### (iv) Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are either not capable of being classified into other

categories of financial assets due to their nature, or they are designated as such by management. They comprise investments in the equity of other entities where there is neither a fixed maturity nor fixed or determinable payments.

They are subsequently measured at fair value with changes in such fair value (i.e. gains or losses) recognised in other comprehensive income (except for impairment losses and foreign exchange gains and losses). When the financial asset is derecognised, the cumulative gain or loss pertaining to that asset previously recognised in other comprehensive income is reclassified into profit or loss.

Available-for-sale financial assets are classified as non-current assets when they are not expected to be sold within 12 months after the end of the reporting period. All other available-for-sale financial assets are classified as current assets.

### (v) Financial liabilities

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in the Statement of Comprehensive Income through the amortisation process and when the financial liability is derecognised.

### IMPAIRMENT

At the end of each reporting period, the Company assesses whether there is objective evidence that a financial instrument has been impaired. In the case of available-for-sale financial instruments,

a prolonged decline in the value of the instrument is considered to determine whether an impairment has arisen. Impairment losses are recognised in profit or loss. Also, any cumulative decline in fair value previously recognised in other comprehensive income is reclassified to profit or loss at this point.

### DERECOGNITION

Financial assets are derecognised where the contractual rights to receipt of cash flows expires or the asset is transferred to another party whereby the entity no longer has any significant continuing involvement in the risks and benefits associated with the asset. Financial liabilities are derecognised where the related obligations are either discharged, cancelled or expired. The difference between the carrying value of the financial liability, which is extinguished or transferred to another party and the fair value of consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in the Statement of Comprehensive Income.

### (h) Impairment of assets

At the end of each reporting period, the Company reviews the carrying values of its tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is recognised in the Statement of Comprehensive Income.

## 1. Summary of significant accounting policies (continued)

Where the future economic benefits of the asset are not primarily dependent upon the asset's ability to generate net cash inflows and when the entity would, if deprived of the asset, replace its remaining future economic benefits, value in use is determined as the depreciated replacement cost of an asset.

Where it is not possible to estimate the recoverable amount of an assets class, the Company estimates the recoverable amount of the cash-generating unit to which the class of assets belong.

### **(i) Trade and other payables**

Trade and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the Company during the reporting period which remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

### **(j) Employee benefits**

Provision is made for the Company's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may not

satisfy vesting requirements. Those cash outflows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cash flows.

Contributions are made by the Company to employees superannuation funds and are charged as expenses when incurred.

### **(k) Provisions**

Provisions are recognised when the Company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

### **(l) Comparative figures**

Where required by Accounting Standards comparative figures have been adjusted to conform with changes in presentation for the current financial year.

### **(m) Critical accounting estimates and judgments**

The directors evaluate estimates and judgments which are incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future events and are based on current trends and economic data, obtained both externally and within the Company.

### **KEY ESTIMATES - IMPAIRMENT: GENERAL**

The Company assesses impairment at each reporting date by evaluating conditions specific to the Company that may be indicative of impairment triggers. Where an impairment trigger exists, the recoverable amount of the asset is determined. Value-in-use calculations performed in assessing recoverable amounts incorporate a number of key estimates and assumptions.

THOROUGHBRED RACING SA LIMITED: **Notes to the Financial Statements**

	<b>2013</b>	<b>30 JUNE 2012</b>
For the year ended 30 June 2013.	\$	\$
<b>2. Revenue</b>		
TAB Product Fees and Wagering Tax Relief	33,299,563	35,521,008
Betting Operations Contributions	9,970,118	5,434,758

## 16. Related party transactions

### Key management personnel compensation

The key management personnel compensation included in employee expenses are as follows:

Short term employee benefits	637,346	520,030
Post-employment benefits	54,997	49,939
	<b>692,343</b>	<b>569,969</b>

### Directors

The names of each person holding the position of Director of Thoroughbred Racing SA Limited during the financial year are Ms E.F Nelson QC, Messers D Rasheed, S Ward, D Cross, B Foster, K Smith and C Atkins.

### Directors Compensation

The Directors compensation included in employee expenses are as follows:

Short-term employee benefits - Directors remuneration	206,294	206,294
Post-employment benefits	13,706	13,706
	<b>220,000</b>	<b>220,000</b>

### Directors' transactions with the Company

The terms and conditions of the transactions with Directors and Director related entities were no more favourable than those available, or which might reasonably be expected to be available, on similar transactions to non-director related entities on an arm's length basis.

The aggregate amounts recognised during the year relating to Directors and Director related entities were as follows:

<b>Director</b>	<b>Transaction</b>	<b>Note</b>		
Mr S Ward	Legal Services	(i)	20,009	17,631
Mr D Rasheed	Professional Services	(ii)	6,178	1,835

(i) The Company used the legal services of associated entities of Mr S Ward in relation to maintaining integrity for the industry and agreements with industry stakeholders.

(ii) The Company used the professional services of associated entities of Mr D Rasheed in relation to the Industry's interest in the Murray Bridge development.

Amounts were billed based on normal market rates for such services and were due and payable under normal payment terms and include reimbursement of direct expenses incurred.

Amounts receivable from and payable to Directors and Director related entities at the end of the reporting period arising from the above transactions were as follows:

	<b>2013</b>	<b>2012</b>
<b>16. Related party transactions (continued)</b>	\$	\$
Amounts receivable from and payable to Directors and Director related entities at the end of the reporting period arising from the above transactions were as follows:		
Current trade and other payables		\$
- Trade payables	-	12,386

**South Australian Jockey Club Inc**

The South Australian Jockey Club Inc. (SAJC) is one of the two members of the Company and controls 50% of the voting power in general meeting and thereby has significant influence over the Company.

The following transactions occurred between the company and the SAJC during the year:

- The SAJC contributed \$2.5 million to the Company as a contribution to prize money, pursuant to an undertaking given by the SAJC to contribute portion of the income derived by the SAJC from the proceeds of the sale of Cheltenham racecourse. This amount has been recognised as Other Income in the Statement of Comprehensive Income.
- The contribution to prize money for the 2013 financial year was outstanding at balance date and is included in trade and other receivables in the Statement of Financial Position. This amount is non interest bearing.
- The Company made payments of \$1,583,593 (2012: \$1,160,609) direct to the SAJC during the year in line with the Industry's club funding models implemented by the Board for training grants and race day usage of the Morphettville courses, race

day costs, promotional and operational purposes and capital expenditure. These payments are included in the expense item Industry Payments in Statement of Comprehensive Income.

**SOUTH AUSTRALIAN RACING CLUBS COUNCIL**

The South Australian Racing Clubs Council (SARCC) is one of the two members of the Company and controls 50% of the voting power in general meeting and thereby has significant influence over the Company.

The Company made payments of \$40,000 to SARCC during the year for operational purposes. These payments are included in the expense item Industry Payments in Statement of Comprehensive Income.

The members of SARCC are the South Australian Racing Clubs (Clubs) other than the SAJC. The following transactions occurred between the company and Clubs during the year:

- The Company made payments of \$2,642,764 (2012: \$1,895,097) direct to Clubs during the year in line with the Industry's club funding models implemented by the Board for training grants and race day usage of the various country race courses operated by member

clubs of SARCC, race day costs, promotional and operational purposes and capital expenditure. These payments are included in the expense item Industry Payments in Statement of Comprehensive Income.

- The Company has entered into loan agreements with and made loans to Clubs to provide working capital and to facilitate capital projects, which amounted to \$1,066,844 at 30 June 2013 (2012: \$627,859). The loans are secured or capable of being secured. Interest earned by the Company amounted to \$7,674 (2012: \$204,589) and is included in Financial Income in the Statement of Comprehensive Income.

## 17. Contingent liabilities

Estimates of the potential effect of contingent liabilities that may become payable:

### SABOIS

Qualified yearling horses are nominated for the South Australian Breeders & Owners Incentive Scheme (SABOIS) allowing them the opportunity to win bonuses in specified races.

No provision for future bonuses has been made in the statement of financial position as the requirement to pay a bonus does not arise until such time as the horse wins or is placed in a SABOIS race.

An estimate has been made based on past experience of likely future bonuses payable for those horses nominated for the scheme that are yet to reach the age of four. At 30 June 2013 it is estimated that these future bonuses will be \$5.0 million.

### SINGLE NATIONAL SYSTEM

Thoroughbred Racing SA Ltd has agreed to participate in the Single National System being developed by RISA Pty Ltd (RISA), as have all other States' Principal Racing Authorities (PRA). The system will bring together, under a national framework, many business practices relating to racing that are currently run in disparate systems across Australia. The project is expected to take a further two years to complete and will be initially funded by RISA partially withholding distributions to the PRA's.

The total cost to develop the system is estimated to be \$3.2m. The funding for this system is based on a user pays model, with a charge being raised to each State based on the number of nominations each month until such time as the total project cost has been recouped by RISA. The charge is \$1.06 per nomination and the project has a payback period estimated to be eight (8) years.

The contribution by Thoroughbred Racing SA Ltd towards the projects' cost is estimated to be \$164,000. The contribution made towards the project for the year ended 30 June 2013 was \$18,836.

## 18. Financial risk management

The Company's financial instruments consist mainly of deposits with banks, accounts receivable and loans, investments, accounts payable and borrowings.

The carrying amounts for each category of financial instruments, measured in accordance with AASB 139 as detailed in the accounting policies to these financial statements, are as follows:

		<b>2013</b>	<b>2012</b>
<b>Financial assets</b>	<b>Note</b>	\$	\$
Cash and cash equivalents	6	8,017,101	6,851,737
Receivables and loans	7	7,173,416	5,906,975
Investments	10	1,216,865	1,062,821
<b>Total financial assets</b>		<b>16,407,382</b>	<b>13,821,533</b>

### Gains and losses recognised in other comprehensive income

Gains and losses recognised in other comprehensive income in respect of available-for-sale financial assets:

- Net fair value (loss) on remeasurement		154,044	(40,786)
<b>Total losses recognised in other comprehensive income</b>		<b>154,044</b>	<b>(40,786)</b>

### Financial liabilities

Financial liabilities at amortised cost

- Trade and other payables	11	1,929,310	2,223,680
<b>Total financial liabilities</b>		<b>1,929,310</b>	<b>2,223,680</b>

### RISK MANAGEMENT FRAMEWORK

Identification, measurement and management of risk is a priority for the Company. The provision of administration and management to the horse racing industry in South Australia carries a number of diverse risks which may have a material impact on the Company's financial position and performance. Consequently, the Board and Management have established a framework covering accountability, oversight, measurement and reporting to maintain high standards of risk management.

The Company allocates specific roles in the management of risk to Management. This is undertaken within an overall framework and strategy established by the Board.

### 19. Events after the reporting period

The Directors are not aware of any significant events since the end of the reporting period.

### 20. Company details

The registered office and principal place of business of the Company is:

Thoroughbred Racing SA Limited  
Morphettville Racecourse  
MORPHETTVILLE SA 5043

### 21. Members' guarantee

The Company is incorporated under the Corporations Act 2001 and is a company limited by guarantee. If the Company is wound up, the constitution states that each member is required to contribute a maximum of \$2.00 each towards meeting any outstanding's and obligations of the Company. At 30 June 2013 the number of members was 2.

## Directors' Declaration

### THOROUGHBRED RACING SA LIMITED

#### DIRECTORS' DECLARATION

The directors have determined that the Company is not a reporting entity and that this general purpose financial report should be prepared in accordance with the accounting policies described in Note 1 to the financial statements.

The directors of the Company declare that:

1. The financial statements and notes, as set out on pages 9 to 25, are in accordance with the *Corporations Act 2001* and:
  - (a) comply with Accounting Standards as stated in Note 1; and
  - (b) give a true and fair view of the Company's financial position as at 30 June 2013 and of its performance for the year ended on that date in accordance with the accounting policies described in Note 1 to the financial statements.
2. In the directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the Board of Directors.

Director .....  .....  
F Nelson QC

Dated at Adelaide this 27<sup>th</sup> day of September, 2013

## Independent Auditor's Report

### INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF THOROUGHBRED RACING SA LIMITED

#### Report on the Financial Report

We have audited the accompanying financial report of Thoroughbred Racing SA Limited (the company), which comprises the statement of financial position as at 30 June 2013, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information and the directors' declaration.

#### *Directors' Responsibility for the Financial Report*

The directors of the company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

#### *Auditor's Responsibility*

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Independence*

In conducting our audit, we have complied with the independence requirements of the *Corporations Act 2001*.

William Buck is an association of independent firms, each trading under the name of William Buck across Australia and New Zealand with affiliated offices worldwide. Liability limited by a scheme approved under Professional Standards Legislation other than for acts or omissions of financial services licensees.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF  
THOROUGHBRED RACING SA LIMITED**

*Auditor's Opinion*

In our opinion the financial report of Thoroughbred Racing SA Limited is in accordance with the Corporations Act 2001, including:

- (a) giving a true and fair view of the company's financial position as at 30 June 2013 and of its performance for the year ended on that date; and
- (b) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001.
